The senate has reviewed the seat vacancies, employment opportunities, nation requirements and faculty availability and scope for future in each of the following departments of National Institute of Technology Sikkim.

1. Computer Science & Engineering Department
2. Electronics & Communication Engineering Department
3. Electrical & Electronics Engineering Department
4. Civil Engineering Department
5. Mechanical Engineering Department
6. Biotechnology Department

The Senate strongly feels that, the number of seats in each discipline needn't be revised as on today since the students from each department are getting excellent employment in reputed industries in India. Many students have cleared GATE for doing M Tech programme in reputed Institute like IITs, NITs. In view of the above the senate decide not to revise the number of seats at NIT Sikkim.

No discussion on any other business.
