About NIT Sikkim

National Institute of Technology Sikkim, an institute of national importance is one among the ten newly sanctioned NIT(s) by the Government of India in 2009. The institute offers B. Tech programs in Computer Science and Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Mechanical Engineering, and Civil Engineering. Moreover, the institute offers M.Tech programs in VLSI and Embedded Systems, Communication and Signal Processing, Electrical and Electronics Engineering, and AI and ML. The Institute also offers M Sc. program in Chemistry and Ph. D programs in all departments.

Presently, NIT Sikkim is located in a temporary campus at Ravangla, in South Sikkim which is a tourist town and it is connected by highway to other major towns in the state and lies between Pelling and Gangtok. Ravangla is situated at an elevation of 2100 m surrounded by Himalayan terrain and famous for tourist spots such as Buddha Park, Temi tea garden, and Ralong Monastery.

About the Entrepreneurship Development Centre (EDC)

The Entrepreneurship Development Centre (EDC) is part of the project “Establish, Develop, and Manage Entrepreneurship Development Centre and Incubation Centre in the Educational Institutes of North Eastern Region.” This project is sponsored by the North Eastern Council, Shillong, and implemented by the Indian Institute of Entrepreneurship, Guwahati, under the Ministry of Skill Development and Entrepreneurship, Government of India.

The Entrepreneurship and Development (EDC) at the National Institute of Technology Sikkim plays a vital role in fostering an environment of innovation and creativity among students, faculty, and the community. The EDC provides a platform for students to showcase

their innovative ideas and projects, regardless of their field of study. The Centre encourages multidisciplinary and interdisciplinary collaboration to solve real-world problems, with a significant emphasis on addressing community and societal issues.

The EDC is committed to enhancing and nurturing the creativity of students, faculty, and the community by providing state-of-the-art infrastructure and mentorship.

About FDP

The FDP will focus on Innovation, Entrepreneurship, and Intellectual Property Rights. A team of experts and professionals from industry and academia will be sharing their expertise and experience, providing insights and practical guidance that will help attendees to develop innovative thinking and entrepreneurial spirit.

The workshop will focus on:

- Innovation and Creativity
- Entrepreneurship and Start-Up
- Intellectual Property Rights and Patents
- Funding, Investment Options and Strategies
- Digital Transformation and Disruption

Resource Persons

Eminent experts from Industry and Academia (IITs, NITs, IIITs, CFTIs etc.) will be delivering talks.
