Dear Sir,

Kindly note my opinion / suggestion about reply to the subject mentioned Rajya Sabha question:

Till now no such psychological studies among students have been carried out at NIT Sikkim, nor has the institute permitted any outsider researcher to conduct such sensitive studies. In light of this fact the following may be the answer of the institute:

- a) NIT Sikkim shall consider constitution of an Ethical Committee of an Institutional Review Board to approve conduct of such mental health studies (if any) in future.
- b) Second part of the question is not applicable, as no such studies have been conducted legally or illegally so far at NIT Sikkim.

Submitted for consideration.

The present students' strength is 960. Hence, the student teacher ratio of NIT Sikkim is 37:1, which is way above the prescribed ratio of 12:1. As per the norms 80 Teaching posts and (80 x 1.1) 88 Non-Teaching posts are required. Therefore, to cater the needs of the students and to maintain the sanctity of teaching-learning process, 42 additional Teaching positions and 51 Non-Teaching positions are to be created/sanctioned by the MOE. Considering the acute shortage of regular Teaching and Non-Teaching staffs, Institute was compelled to recruit faculty & staff on purely temporary basis.	The Institute is following the prescribed recruitment rules and other guidelines as and when received from the ministry to ensure proper representation of SC, ST and OBC candidates	A recruitment drive was done to fill the vacancy in regular Teaching and Non-Teaching position of NIT Sikkim in 2018-19. However, filling the post of Professor, Associate professor and 'A' level posts in non-teaching position is a daunting task due to inadequate basic facilities at this remote location and temporary campus.
2	NIT Sikkim	2018-19	Non-Teaching Temporary	Rs.28,54,134.06/-			
			Temporary Faculty	Rs.3,22,80,025.87/-			
3		2019-20	Non-Teaching Temporary	Rs.21,56,618.09/-

Respected Sir \ Madam,

Please refer to this Division's trailing email.

From perusal of the details received from the NITs & IEST, Shibpur, following point-wise shortcomings have been observed:-

- (a) the Institutes have not provided the "total number of students admitted in Ph.D. programmes of each NIT along with their SC/ST/OBC/EWS composition for the academic years 2017-18, 2018-19 and 2019-20";
- (b) the Institutes have not provided the "total number of students who withdrew from Ph.D. programs after taking admissions at each NIT along with their SC/ST/OBC/EWS composition for the academic years 2017-18, 2018-19 and 2019-20"; and
- (d) the aforesaid data has not been provided for each of the programmes separately. As per requirements, the details are required to be provided for each of the programmes where Ph.D. courses are offered.

Though a format was earlier circulated, however, for better understanding, the details in respect of your Institute may please be furnished in the following format:-

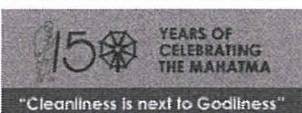

Sl No.	Name of NIT	Year	Total students admitted in Ph.D. programmes					Students who withdrew from Ph.D. programmes				
			Total	SC	ST	OBC	EWS	Total	SC	ST	OBC	EWS
1		2017-18	4	0	2	2	0	1	0	0	1	0
		2018-19	3	0	1	2	0	0	0	0	0	0
		2019-20	3	0	0	3	0	0	0	0	0	0
Total			10	0	3	7	0	1	0	0	1	0

The break-up of above figures Ph.D. program-wise may also be given as separate annexure.

It is requested to kindly furnish above details by 4:00 p.m. today as the briefing of the Question has been called by the Hon'ble Education Minister at 10:30 a.m. on 02.02.2021.

Sub: Rajya Sabha Admitted Starred Question No. 41 for 04.02.2021 regarding the “Backlog vacancies in Ministries”

Dear Sir/Madam,

In reference to the above cited subject and as requested, please find below the point-wise reply for NIT Sikkim.

- (a) Whether it is a fact that there are a large number of backlog vacancies in Ministries, Public Sector Undertakings, Insurance Sector, Banks, and other Public Sectors in which youth from Other Backward Classes, SCs and STs are to be appointed;

Reply: The vacancy status is provided in Table 1

- (b) The Department-wise details of said vacant posts;

Reply:

Dear Sir,

With reference to your email communication dated 16th July, 2020, I am hereby providing the point-wise information, as sought in the questionnaire.

1. *Please provide details of sanctioned, in-position, and vacant posts of Professors, Assistant Professors and Associate Professors are vacant in IITs, IIMs, IISERs, Central universities and other higher educational institutions? Please also provide details as to since when the posts have been vacant?*

Details of sanctioned, in-position and vacant posts of Professor, Associate Professors and Assistant Professors in NIT Sikkim is given below

Posts	Sanctioned	In-position	Vacant	Since
Professor	06	00	06	2012
Associate Professor	10	00	10	2012
Assistant Professor	22	26	-04	2019
Total	38	26	12	2019

2. *Please provide details of steps being taken by the department to fill the vacant posts in higher educational institutions and by when the vacancies are likely to be fulfilled?*

NIT Sikkim has carried out two recruitment drives and recruited faculty members. The first recruitment-drive was carried out in 2016 and the second recruitment drive was carried out in 2018-2019. All the Assistant professors posts were filled. However, no suitable candidate was found against the posts of Professor and Associate Professor. Non-availability of proper infrastructure, housing facilities, medical infrastructure etc., at the remote temporary campus of the Institute have made it difficult to attract candidates for Professor & Associate Professor positions. Further, the Institute has requested the ministry to sanction 42 additional faculty positions as per the prescribed students-teacher ratio of 12:1. The Institute is going to initiate the next recruitment drive as and when the additional posts will be sanctioned.

3. *Please provide details of initiatives taken by the department and other regulatory authorities to attract students to pursue research? How many PhD students are currently enrolled in all the higher educational institutions?*

Aman

The Institute takes all possible measures to attract students to pursue research. The PhD admission process is carried out twice a year. At present total 57 number of research scholars are doing PhD research at the Institute. The stipend, Library, hostel facilities are provided to the scholars. The scholars are given academic freedom to attend and interact with the academic fraternity to enhance collaborative research. The faculty supervisors are working very hard to support good research output and mentor them constantly.

4. *What is the number of women faculty members (also in terms of percentage of total posts) in IITs, IIMs, IISERs, Central universities and other higher educational institutions? What are the steps taken to increase their share in various faculty positions?*

At present there are 02 (two) women faculty members against the total sanctioned post of 38. The percentage, therefore, is 5%. The Institute guarantees the implementation of woman-centered schemes of the Ministry and ensures an academically healthy, safe and vibrant atmosphere for all faculty members without any gender discrimination. However, non-availability of proper infrastructure, housing facilities, medical infrastructure etc., at this remote temporary campus of the Institute have made it difficult to attract women candidates.

5. *What are the reasons for faculty shortage at many of the new central universities or the new IITs/IIMs/NITs? What steps are being taken by the Department to attract faculty in these higher educational institutions?*

Institute is waiting for sanctioning of required faculty positions from the ministry. The sanction of additional required faculty positions is necessary for such remotely located NIT, as filling of professor and associate professor posts is very difficult due to the remote location, temporary campus, harsh climatic conditions, lack of basic amenities and facilities including essential medical facilities, lack of city life etc.

6. *Please provide details of initiatives taken by the Department, UGC and higher educational institutions to attract foreign faculty and Indian researchers from abroad?*

The recruitment is done as per the recruitment rule of NITs.

7. *Many of the Universities in the country are having a large number of ad-hoc faculty. How is it affecting the quality of education being imparted and what steps are being taken by the institutions/universities to make these faculty permanent after a certain years of teaching experience?*

Engagement of ad-hoc/temporary faculty becomes necessary to teach in classes due to shortage of regular faculty. Although it affects the quality of teaching to some extent as continuity/retaining of such faculty cannot be ensured. The recruitment can be done as per the rules provided by the ministry and the temporary faculty can also apply.

Jaman

-
8. *What policy is being undertaken by the department to increase the share of SC/ST/minorities and differently-abled in the faculty in higher educational institutions?*

The Institute guarantees the implementation of SC/ST/ minorities and PH centered schemes of the Ministry. The reservation roster is strictly maintained and observed in recruitment and all possible/available benefits are provided to the employees of the mentioned categories. The Institute also ensures an academically healthy, safe and vibrant atmosphere for all faculty members without any discrimination.

9. *Pandit Madan Mohan Malviya National Mission on Teachers and Teaching (PMMNMTT) aims to build a strong professional cadre of teachers by addressing all the issues related to teachers, teaching, teacher preparation, professional development, curriculum design, design and development of more effective pedagogy and better assessment and evaluation methodologies. What is the current progress under this scheme? Please provide details.*

The Institute always implement all the scheme of the government, however, no application has been received till date under this scheme.

10. *Please provide details of initiatives being taken by the department and other regulatory bodies in making the courses relevant and significant to the students as all as to the nation as a whole?*

The Institute constantly interacts with people from Industry and take their feedback to keep the curriculum updated. The Institute regularly organizes curriculum development workshops by involving all the stake holders. The curriculum is regularly updated as per the requirements of the industry. The Institute is very dynamic in adopting new technologies/new courses to make the students industry ready and do research on cutting edge technologies.

11. *Whether any assessment has been made as to how the COVID-2019 pandemic has impacted the higher education system in the country? Please provide details thereof.*

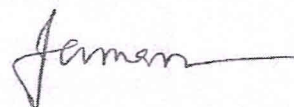

The indirect assessment has been made by the Institute. Being a technical institution the requirement of theoretical subjects is fulfilled in online mode, however, this impacts practical learning and hands on experience in the laboratories. The Institute is constantly devising the mechanism/methods to teach the students in the most convenient way by taking regular feedback, mentoring, counselling (mental as well as academic). We also found that conducting online classes from Ravangla is difficult due to poor Internet facility, the same problem was also faced by the students staying at remote locations. However, the Institute is also trying to find a hybrid method to address the problems of academically weak students or having poor internet connectivity by calling them to campus.

Jaman

-
12. Please provide details of both short-term and long-term measures contemplated to mitigate the situation arisen out of the pandemic.

Short Term Measures: Institute has proposed to start online theory classes for all the courses from August 2020. The online evaluation mechanism is also evolved. The teaching material shall be provided to all the students. Students wise faculty mentors have been assigned by each departments. Committees at the department level are also created to address the grievances/problems of the students. The students are encouraged to talk to faculty on mobile as and when they need. The faculty also remain in touch with the students at department level. Special care is taken for academically weak students. All the students have been promoted to the next semester irrespective of their backlogs. The laboratory courses which cannot completed online due to certain academic requirements shall be completed as and when the students return to the campus.

Long Term Goals: Enhancement of IT infrastructure to provide online teaching learning environment. Facilitate faculty and staff to cater the need of online teaching learning requirements. Allow students for online courses and facilitate with credit transfer. Necessary efforts shall be made to provide internship/practical training in the industry and arrange placements for the students in the difficult time.

(III). Steps taken to increase GER and research in HELs:

Response:

Sikkim is a state where numbers of students are very less for technical education and most of the state seats remain vacant. To increase the awareness among the students about technical education, NIT Sikkim has taken following steps:

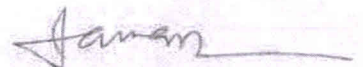

1. We have formed a committee called CDAP (Community Development and Awareness Programme) through which our faculty and staff members have adopted some villages and are working for the awareness of technical education among the schools.
We have distributed leaflets in the various school of Sikkim for the awareness of JEE Mains Exam.
2. Our faculty / students members are going to various schools to teach Sciences and Math to the students.
3. Institute is conducting Inspire Programme to aware students about the Science and Technology.
4. Faculty members have brought projects and writing projects to different funding agencies to improve the research outcome of the institute. Institute is helping research scholars, faculty members through TEQIP programme.

(IV). Use of ICT/digitalization

Response:

Institute is using digital platform in the form of e-books, journals etc. to facilitate students and faculty members. Institute is in the process of implementation of ERP in various departments of the Institute for proper accounting, recordkeeping etc.
