

About NIT Sikkim

National Institute of Technology (NIT) Sikkim is an Institute of National Importance under the NIT Act. The Institute was established in the year 2010. The present campus of NIT Sikkim at Ravangla, although temporary in nature, is housed within a plethora of conveniences and an abundance of natural amenities. It is surrounded by beautiful lakes and hillocks. NIT Sikkim is a partly residential Institution. At present it offers five undergraduate courses in Civil Engineering, Mechanical Engineering, Electrical and Electronics Engineering, Computer Science and Engineering and some AICTE approved Post-Graduate courses.

About the Workshop

Fuzzy Logic Systems have drawn interest of researchers belonging to several branches of engineering like Electrical and Electronics Engineering, Mechanical Engineering, Computer Science and Engineering. This online workshop covers a wide applications of Fuzzy logic systems in different engineering applications. It is also aimed for better understanding of both natural and artificial complex systems as well as computing systems, inspired by nature, which are able to solve complex problems. Thus, it will be beneficial for all students, research scholars and faculties working in several interdisciplinary areas of engineering. Eminent Speakers from the field of Academia and Industry will be delivering their lectures on the thematic areas of the workshop.

Registration

Registration will be considered on First cum First serve basis.

There will be no registration fee.
